

Joint Sealants

RepSil SL & NS: 1-part self leveling and non sag silicone pavement sealants
RepSil FS: 1-part Fast Setting silicone bridge sealant
RepSeal HS: Header and sealant in one
RepSeal SL & NS: 1-part, self leveling & non-sag, high performance hybrid sealant
RepSeal 50: 2-part, self leveling, hybrid polyurea concrete sealant
RepSeal AC: 1-part, self leveling, hybrid asphalt & concrete sealant
RepSeal LD: 1-part, self leveling loop detector sealant
RepSeal JFR: 2-part, Jet Fuel Resistant airport joint sealant
RepJoint PF-UV: Structural closed cell foam joint filler
RepJoint 3405: Hot pour joint sealant
RepJoint HCS: Hot applied crack sealer
RepJoint WJS: Wide Joint Sealant
RepSeal PC: Premium hybrid - paintable sealant

Cementitious

Patching Compounds

LightningCrete: Horizontal surface, fast set, repair mortar
RepPatch DOT: Horizontal surface, fast set, repair mortar
RepPatch VOH-XL: High performance Vertical/Overhead mortar
RepMortar PMCC: Fast Setting, self consolidating, polymer modified repair mortar
RepPatch AP: All Purpose Fast Set repair mortar
RepPatch Ultra: Super rapid high strength repair mortar
RepShot FSC: Fiber reinforced Shotcrete mortar

Concrete Mixes

RepCrete QuickPour: C&G, driveways, back up walls, anchors (3k psi/28 days)
RepCrete QuickMix: Riprap, Signal Foundations, Roadside Signs (2k psi/28 days)
RepCrete C RTU: Structures, Pile encapsulation, Bridge Railings (3.6k psi/28 days)
RepCrete QuickFill: Mow strips, CLSM, Trenches, Soil stabilization, Backfilling
RepCrete S RTU: Bridge decks, approach slabs, culverts (4k psi/28 day)
RepCrete HES Concretes: Class I, II, III & K- High Early Strength concrete mixes

Grouts & Mortars

RepGrout PJR: Pile Jacket & Column Repair mortar
RepGrout 1107: Premium Hi-Strength Grout
RepGrout NS: General purpose non-shrink grout

Cementitious Specialties

RepCrete Resurfacer: 2 Part, fast setting, concrete overlay
RepStop RS: Three Minute hydraulic cement patch
RepTop SL: Self leveling/self adhering indoor-outdoor floor topping
RepTop NM & M: Non & Metallic floor hardeners
RepWall EFS- Exterior finish wall systems & cementitious insulated systems
RepSmooth- Concrete skim coat and finishing compound

Sealers, Cures, Form Releases, Specialties

Rust Rehab: Rust convertor, primer, and sealer for metal
PrepEtch: Biodegradable non-acid based concrete surface profiler
RepAid: Evaporative retardant concentrate (9:1)
RepShield 40: 40% Silane concrete surface treatment
RepProtect AC: Penetrating silane anti-corrosion inhibitor
RepHard: Specialized sodium silicate polishing, curing, and hardening compound
RepLith: Lithium silicate concrete densifier, hardener and sealer
RepSeal XL: Ultimate hybrid concrete sealer
RepExtract: Moisture extractor from high humidity & concrete floors
RepGlaze 25: High gloss acrylic sealer
RepStop XL & VO: Migrating corrosion inhibitors
RepCure P: Non membrane forming cure, hardener, sealer, dustproofer
RepStrip: Biodegradable form release agent

Polyurethane Systems

RepCrete JN: 2:1 Polymer header & Nosing Mortar
RepCrete QP: Polymer patching mortar
RepPlug EJ: Asphalt Overlay Expansion Joint

Soil & Asphalt

RepPave: Clear road base & soil stabilizer with extended dust control
RepPave Black: Asphalt road & parking lot surfacer & black soil stabilizer
RepPhalt FS: Fast setting, water activated, permanent asphalt patch
RepCrete AP: 1:1 Polymer asphalt patching mortar kit

Epoxy Systems

RepPoxy SBE: Segmental bridge adhesive
RepPoxy TMA: Traffic marker adhesive
RepPoxy FSA: Anchoring & port paste - Cartridge
RepPoxy DBA: Hi Mod Gel and Dowel Bar Anchoring - Bulk
RepPoxy BDS: Crack healer/sealer
RepPoxy GPA: General purpose adhesive
RepPoxy MB: Concrete mortar binder
RepPoxy CI: Injection & sealing epoxy - Cartridge
RepPoxy WP: Epoxy waterproofing
RepPoxy II: Epoxy header mortar system

Specialty Epoxies

RepCrete MAX: Structural Mortar & Patch
RepPoxy PA: Primer & Lubricant Adhesive (Foam and Pavement seals)
RepPoxy PJR: Pile jacket epoxy grout
RepPoxy BAC: Primer, bonding agent, & corrosion inhibitor Kit

Waterproofing, Coatings, & Flooring Systems

RepDeck H-V: Horizontal & vertical, below grade & between slab, flexible waterproof
RepTop Classic: High solids, no mixing, silicone elastomeric coating
NovaTuff RC 100: Flexible Epoxy Roof Coating
NovaTuff FC 200: Epoxy Floor Coating
NovaTuff PC 425: Epoxy-based Flexible Protective Fountain Coating & Waterproofing
NovaTuff P 505: Epoxy Primer
RepLastic: Highly flexible waterproof acrylic coating
RepCoat UV: Flexible, 300 % elongation, UV Resistant, waterproof coating
RepCoat PW: Potable water tank coating- NSF61 Section 5 Approved
RepDeck (s): 14 specialized traffic coating systems to meet every requirement
RepMesh: Polyester reinforcing fabrics- multiple sizes
RepTape MD: Reinforced, multidirectional, mesh tape for cracks & joint bridging
RepWall AB: Acrylic polymer based air barrier system
RepTread (s): Decorative Quartz flooring systems
RepPoxy SDE: Static dissipative epoxy flooring system

Overlay Systems

RepDeck 7097: Epoxy MLPO Aggregate overlay system
RepDeck MMA: Methyl methacrylate bridge overlay systems
RepDeck 439: Latex overlay system

Fiber Reinforced Polymer (FRP) Systems

Carbon Fiber (CFRP) Fabrics

RepWrap 300 UD: 9 Ounce unidirectional carbon fiber fabric
RepWrap 600 UD: 18 Ounce unidirectional carbon fiber fabric

Accessories

RepWrap Paste: Bug hole, bonding, pre-cured laminates/bar epoxy
RepWrap Bond: Fabric saturating resin, summer & winter grades
RepCoat UV: Flexible, polymeric, UV resistant top coat
RepCoat FP: Intumescent fire barrier coating
RepStop: UL compliant fire deterrent trowel or spray mortar
RepStitch- Carbon fiber / Kevlar crack repair kits for stitching concrete
RepPlates, Rods, Anchors: Various widths, diameters, and lengths
Fiberglass jackets for column repairs- Custom made to your project

Foams, Backer Rods, & Other Specialties

RepJoint HD: Cut to size, cross-linked, closed cell, foam
RepJoint HBO: Header block out void- use with 6140 & 6170 installations
RepJoint WFTP: Wide flange pavement terminal joint system
RepJoint CF: Compression foam for expansion joint fillers and blockouts
RepSeal Backer Rods: Standard Closed Cell, Hot Pour, Open Cell, Soft Foam
Hydrophilic & Hydrophobic Foams including Injection components

Anti-Graffiti Coatings, Bonders, & Paints

RepShield AG: Clear or pigmented, cleanable, non-sacrificial coating
RepCoat OC: One coat overcoat paint
RepCoat SR: Silicone resin paint coating
RepCoat CP- Concrete paint
RepCoat OS- Opaque stain
RepBond- Acrylic concrete bonder
